

Paper Placemat: We chose a Paris France 12"x12" sheet for the center of our example placemat.

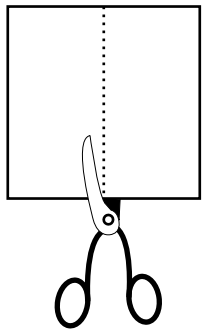

Need: • 2 12"x12" scrapbook sheets of your choice. One is for the center design, while the other is for trim on sides. Make sure they coordinate.

- Ribbon for Seams
- Scissors and Glue

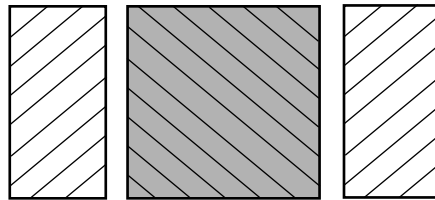

Instructions:

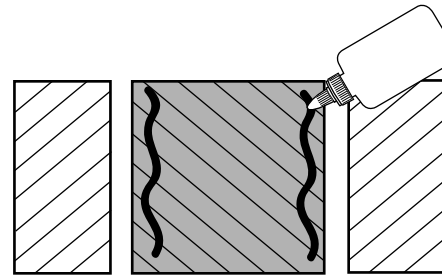

1. Cut the 12" x 12" sheet you want to use for the outside trim in half

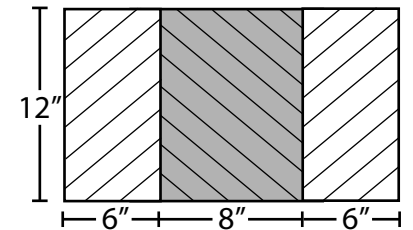

2. Lay out the 3 piece of paper. Place Center Piece in Middle. Flip the pieces over.

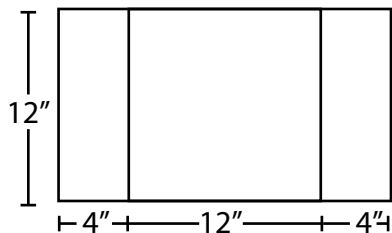

3. Place a line of glue on either side of the middle piece.

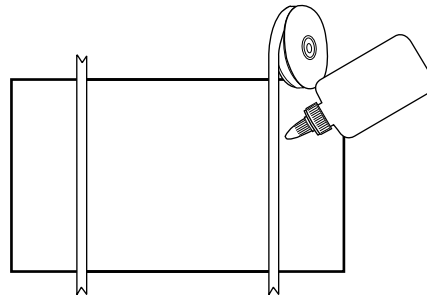

4. Place 2 inches of the side pieces onto the glue lines on each side

5. Flip Back Over & Check that it is 20" x 12" overall.

6. Cut Ribbon about 13" in length. Place Ribbon over Seams with glue. Secure ends of ribbon by gluing the ends to the back of the placemat.

7. Once the ribbon ends are glued, allow the whole mat to dry. Now enjoy!
